9. To see if the Precinct will vote to raise and appropriate a sum of money not exceeding seventy-five hundred dollars (\$7500.) to purchase motor fire apparatus, or pass any vote relating thereto.

10. To transact any other business that may legally come before the meeting.

Given under our hands this twenty-fourth day of February, in the year of our Lord, nineteen hundred and twenty-three.

GEORGE S. HALL,
DANIEL W. COLE,
Board of Fire Commissioners.

REPORT OF FIRE COMMISSIONERS

The chief engineer reports fifty-three calls on the fire department last year, mostly for chimney fires. This is an increase of sixteen calls and denotes a great disregard for the ordinary precautions of fire hazards. Cleaning out your chimneys will save worry and taxes.

At the Precinct meeting in March, 1923, the matter of new and larger water mains to replace the old cement-lined pipes in certain sections of the Precinct, or motor apparatus will be taken up and disposed of to the best interests of the Precinct.

If the tax rate is of interest your presence is desired.

REPORT OF THE TOWN DISTRICT SCHOOL BOARD

To the Inhabitants of Hillsborough:

The School Board of the Town School District respectfully submits its annual report with that of its Treasurer, Superintendent and Auditors.

The District has maintained seven schools during the past year. The old text books have been well replaced with new up-to-date books, which will last a long time with proper care.

The excellent work of both teachers and pupils is shown by the splendid showing, which our graduates make after entering High School.

The graduating exercises and exhibition of each pupil's written work were held in the Lower Village Chapel at the close of the school year.

We would suggest, that during the summer months, all pupils who are to enter school in the fall should be vaccinated. As this is a State law, it seems hardly necessary to have to mention the subject, each year.

During each vacation the schoolhouses were cleaned and floors painted. Some minor repairing has been done and we intend, if workmen can be procured, to do other necessary repairs.

In addition to the \$5 tax on each \$1,000 required by law necessary for State Aid the following amounts will be needed for the year 1923-1924:

High School tuition	\$600.00
Officers' salaries	275.00
Repairs	200.00

REPORT OF THE SUPERINTENDENT

To the Members of the Hillsboro Town School Board:

The report of the Superintendent of Schools for the year 1921-1922 is herewith respectfully submitted:

We were unusually fortunate in having the same corps of teachers as last year, with the exception of one additional teacher. The Bear Hill school was opened in September with Mrs. Lillian McNally as teacher. She resigned in December and Mrs. Florence T. Brown was elected to fill the vacancy. We had no inexperienced teachers, and the average amount of their experience was 9 years.

The average salary for one room rural school teachers in the United States is about \$774 and we pay \$720. These salaries vary from about \$300 in Georgia to about \$1,257 in California.

Our teaching staff was as follows:

Bear Hill—Mrs. Lillian NeNally, Mrs. Florence T. Brown

Merrill—Mrs. Deborah Brown

Center—Mrs. Gladys Murdo

Goodell—Miss Ruby Tuttle

Upper Vill.—Miss Edythe Crooker

Lower Vill.—Miss Susan Pierce, Miss Elmar Shedd

Flat—Mrs. Doris Miller

The registration was 120, with 58 boys and 62 girls.

The registration for each school was as follows:

Bear Hill	5
Merrill	27
Center	16
Goodell	11
Upper Village	21
Lower Village	29
Flat	11

Grade 1 had 28; grade 2, 19; grade 3, 9; grade 4, 15; grade 5, 14; grade 6, 17; grade 7, 7; and grade 8, 11.

The percent in each grade is fairly consant throughout the country. About 23.5% of the pupils in the whole country are in the first grade and 6.36% are in the 8th grade. This would mean, for us, 28 in the first grade and 8 in the eighth grade. We have just the average for the first grade, and above the average for the eighth grade. Five of our graduates entered the high school, and that just about equals the average for the whole country. Fifty-five of our pupils were born in Hillsboro, 91 in New Hampshire, 113 in New England, 114 in the United States and six were foreign born. Two of these were born in Poland, three in Russia, and one in Sweden. In addition to the 120 in our schools, we had 13 attending the Hillsboro High School and 4 attending the Special District elementary schools.

The graduation exercises were held in the Lower Village Chapel at 2 P. M. on June 15th. The graduates were:

Henry Woodbury Adams
Helen May Adams
Robert Martin Card
Gertrude Emma Clough
Gladys Marguerite Colburn
Howard Melrose Colburn
Rachel Belle Davy

Theodora Mary Gagnon
Harold Jordon Pope
Gladys Violia Eaton

Benediction	Rev. H. L. McCann

The Honor Roll of those who have been neither absent or tardy during the year is made up of the following:

Woodbury Adams
Alden Colburn
Fletcher Ryley
Elwin Smith
Nathan Smith

The average daily attendance for the year was 91, and the average daily absences were 10. The percentage of attendance was 89%, which is rather low. One school had about half of all the cases of tardiness, the total for the seven schools being 179, while that one school had 87 cases. The Supt. made 90 visits of supervision and inspection, the committee made 6 visits, and there were 207 visits by parents and friends.

Parents and friends are again urged to visit the schools, to become acquainted with the teachers and their work. We appreciate the continued earnest work of the teachers and the cooperation of the officials.

The usual minor repairs were made on the buildings, and a generous use of paint, new window shades, as well as wall board and plaster, have greatly improved the appearance of most of the buildings. The condition of the outhouses, however, calls for serious attention, and it is planned to fit them out properly at an early date.

Respectfully submitted

AMASA A. HOLDEN,

Supt. of Schools.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Hillsboro Special District School Board:

The annual report of the Superintendent of Schools for the year 1921-1922 is herewith respectfully submitted.

Only one of our high school teachers, Miss Laura L. Newell, continued with us from the previous year. Mr. Stuart M. Stoke, a graduate of Taylor University and a teacher with two years' experience as sub-master in a Massachusetts High School, became our Head Master, Miss Myrtie K. Brooks, of Antrim, who has had experience as a teacher and in office positions of responsibility, was elected our Commercial teacher, Miss Hilda E. Chilson, a graduate of the Domestic Science Course in the Framingham Normal School, and a teacher of some experience was placed at the head of our Domestic Science Course. Mrs. Emily K. Flanders took charge of the fourth and fifth grade room in place of Miss Maxwell, who resigned. Miss Sarah Baker, Supervisor of Drawing, also resigned, and Miss Edith M. Messer was chosen to succeed her.

The teaching staff for the year was:

High School

Stuart M. Stoke, Headmaster.

Laura L. Newell, Asst. Principal.

Myrtie K. Brooks, Commercial Subjects.

Hilda E. Chilson, Domestic Science.

Grades

- Esther E. Crosby, 8th.
- Eva B. Ash, 6th and 7th.
- Mrs. Emily K. Flanders, 4th and 5th.
- Eva W. Brown, 3rd and 4th.
- Mrs. Cora L. Seruton, 2nd and 1st.
- Miss Lena Conant, Music.
- Miss Edith M. Messer, Drawing.

For some time it had been felt that it would be well to have the eighth grade in a room by itself, in order that the teacher might give it more attention, in an effort to bridge the gap that is often found between the 8th, and the 9th grades. Because the sixth grade enrollment was exceptionally small it was a good time to try the experiment. Miss Crosby had been teaching the 8th grade and a part of the seventh, while Miss Ash taught the 6th grade and the remainder of the 7th grade. The change being made, Miss Ash took all of the sixth and seventh grades and Miss Crosby confined her attention to the 8th grade. The results showed that the change was desirable. During the year it was found that several young people were doing such excellent work in their grade that the teacher recommended their promotion in the middle of the year. This was done, and in each case the pupil finished the work of the upper grade creditably, thus saving a year.

The teaching experience of our grade teachers varies from 10 to 27 years, with an average of 15 years, so that we may be sure that our children are not the subject of experiments. Our high school teachers have had a teaching experience averaging 6 years.

It is a credit to a community to have its children remain in school throughout its entire course. The larger the high school enrollment compared with the grade en-

rollment, the better. In round numbers, for the whole United States, 7% of the pupils are in the high schools and 93% are in the grades. California, the best state in this particular has 14% in the high schools, and South Carolina at the other extreme has only 3% in high schools. In our own state 9% are in high schools and 91% in the grades. Our district has an extremely creditable record with 29% in high school. Putting these facts in a more striking form: If there were but 7 pupils in the Hillsboro High School we would equal the average for South Carolina. If we had 33 we would be up to the average of California, and if there were but 20 we would be up to average of our own state, but we have 81 pupils in the high school. That fact should speak strongly for our community, our school and our teachers. Our people are certainly above the average in their determination to give their children a high school education.

Throughout the United States about 6% of all pupils in the grades are found in the 8th grade. With us, 15% are in the eighth grade, another evidence that our pupils remain in school longer than the average.

We have an Honor Roll, containing the names of those who have been neither absent or tardy for the whole year. On that roll are the names of 30 pupils from the first to the eleventh grade. Special attention is called to the two first graders, who have made this excellent record. They are June Lacy and Alice Smith, and to the names of the three sisters, Cecelia, Amelia and Doris Gregoire. The best attendance record was made by the pupils of Miss Ash's room, with an average attendance of 97.5% with only 8 cases of tardiness among 41 pupils, and 7 of the 41 had their names on the roll of honor.

The generation living at any given time is the custodian of a wonderful inheritance. Customs, traditions, all forms of learning, stages in the development of commerce and industry, and that intangible thing, the spirit of our

country, are all given freely to the present generation, who alone can hand them on to the future. We must not only hand them down, but we are disgraced if we do not hand them on with a creditable increment. It is the duty of the schools to furnish the ability to create this creditable increment. This work can never be done if the education of the day is in any way one sided. For this reason it is with considerable concern that we note the falling off in the number of those taking the classical or academic course. Throughout the United States 37.3% of the high school pupils study Latin, while here only 14.8% are taking Latin. Throughout the country 49% take Algebra, 33% take that subject here. On the other hand 3.4% of the high school pupils of the United States take bookkeeping; while 66.67% of the Hillsboro High School pupils are taking that study. We urge parents to give this matter serious attention.

Through the efforts of Mr. J. W. Chadwick an amount of money was collected and invested in Liberty Bonds, so that the income may be used as prizes for essays written by high school pupils. The committee having that matter in charge is composed of Mr. George W. Haslet, Mrs. Ada B. Brown, and Mr. Ira Roach. The general theme for the essays was "What I Can Do For My Town." The prizes were awarded as follows:

First Prize—Miss Alice Hill.

Second Prize—Miss Dorothy Gordon.

Third Prize—Miss Georgie Ives.

The prizes were awarded June 2, 1922, during exercises at the high school at which time the prize winning essays were read by the writers, and Mr. J. W. Chadwick awarded the prizes.

The Committee awarding the Scholarship consisted of the donor, Mr. G. W. Haslet, Mr. Ralph Smith, and Mr. Stuart M. Stoke. The award was made at the high

school graduation exercises by Mr. D. E. Gordon and went to Miss Elizabeth Doty, who entered Wheaton College in the fall.

Of the fifteen graduates of the class of 1922, nine continued their education, one returned to the high school for graduate work, one is studying to become a nurse, one is taking a domestic science course in Boston, three are attending a Commercial College, and three are attending College.

The Old School Association, at their meeting held during the summer of 1922, decided to raise a fund, the income of which is to be used in some way to encourage pupils to do better work. We shall hear more about this later.

The graduation exercises of the High School were held on Thursday evening, June 15th, and the Grammar School exercises on the afternoon of June 16. The three having the highest rank in the high school were June Pero, Doris Proctor and Albert Holden; in the Grammar School they were Doris Gregoire, Nyhre Gruenler and William Landon.

322 parents and friends visited the school during the year. Visitors are always welcome, but one feature of these visits is noticeable; 80 visited the lowest grades, 68 the next then 64, 46 and 47 until we reach the high school with only 17 visitors. The high school work is interesting and important, teachers and pupils would appreciate such evidence of interest in their work. May we have as a slogan for the coming year, "Visit the High School".

Respectfully submitted,

A. A. HOLDEN,

Supt. of Schools.

Hillsborough, N. H.
